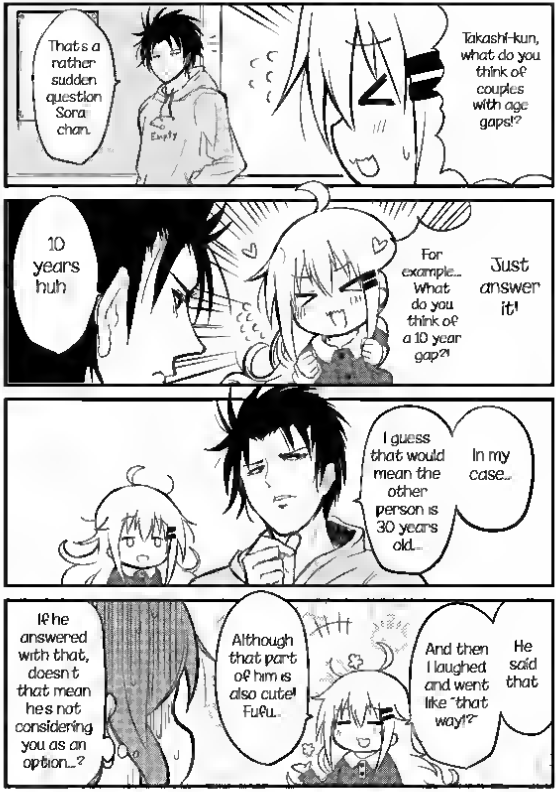
# Ignorance Is Bliss



Takashi-kun, what do you think of couples with age gaps!?
That's a rather sudden question Sora-chan
Just answer it!
For example... What do you think of a 10 year gap?!
10 years huh
In my case...
I guess that would mean the other person is 30 years old...
He said that
And then I laughed and went like "that way!?"
Although that part of him is also cute! Fufu...
If he answered with that, doesn't that mean he's not considering you as an option...?
